

TABLE 7A. Supplies Used in the Industries, 1963 and 1958; by Type of Operation, 1963

(For the quantity and cost of coal received for preparation see table 6A. For the quantity and cost of purchased fuels and electric energy used, and the total quantity of coal produced and used for fuel, see table 3)

Year and type of operation	Total cost of supplies used (\$1,000)	Explosives		Steelmill shapes and forms		Cost of rough or hewn woods products and stumpage ³ (\$1,000)	Cost of other supplies (\$1,000)	Cost of supplies undistributed by type (\$1,000)
		Quantity (1,000 pounds)	Cost (\$1,000)	Quantity (short tons)	Cost (\$1,000)			
1953	INDUSTRY 1111 - ANTHRACITE							
	23,091	36,100	2,334	6,285	1,006	410	15,578	3,763
1938	16,403	11,880	2,095	11,171	1,902	1,138	7,785	3,483
By type of operation: 1963	5,110	2,699	155	18	7		4,615	326
	4,301	1,463	310	661	121	131	1,487	2,252
Producing establishments:	286	1,585	425	68	15	4	236	50
Mining operations only:	1,720	9,681		433	70	90	1,258	22
Strip-pit	2,396	353	182	2,028	258	1	1,773

	159			2,233	343	9	1,637	
	2,094	8,514		546	129		1,341	
Mining operations with preparation plants:	2,336	/						
Strip-pit	1						2,227	(
	2,457							

Standard Notes: - Represents zero. (D) Withheld to avoid disclosing figures for individual companies. (NA) Not available. (X) Not applicable.
 Excludes blasting accessories and breaking agents.
 Represents such items as rail, wheels, track accessories, roof bolts, plates, pipe, tubing, piling, drill steel bars, other bars, sheets, strip, wire, wire products, and structural ironwork.
 Represents such items as logs, bolts, hewn cross ties, and hewn or round mine timbers and ties.

TABLE 7B. Horsepower of Power Equipment Used, by Type of Operation: 1963 and 1954

Ind code	Industry and type of operation	Aggregate horsepower per production, development and maintenance		1963				
		1963	1954	Aggregate horsepower (prime movers and electric motors driven by				
				Total (1,000)	Loading equipment (1,000)	Transportation equipment (1,000)	All other equipment (1,000)
